Why Classic Board Prep is Broken (and How We Fixed It).

Thousands of board students in Pakistan face the exact same daily study frustrations when attempting to prepare for AKUEB and Sindh Board examinations.

The Classic Prep Pain Points

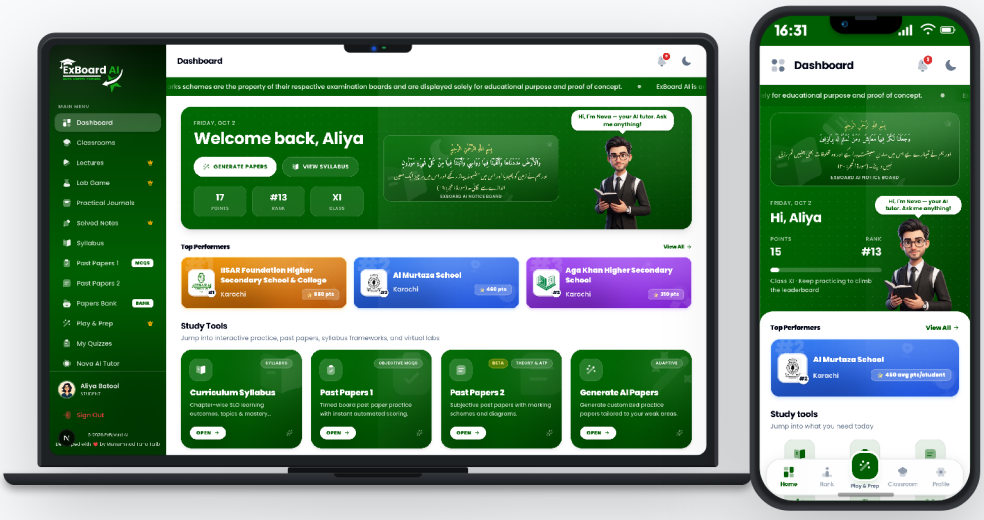

✕ Frustrating Spam & Pop-up Ads:	Free study websites are flooded with intrusive ads and malware download buttons.
✕ Scattered, Blurred PDFs:	Finding legitimate board past papers requires downloading dozens of broken Google Drive links.
✕ Tedious Manual Answer Keys:	Flipping back and forth between question booklets and answer sheets wastes precious revision hours.
✕ Zero Chapter-Wise Practice:	You can only attempt full 3-hour yearly papers with no option to drill specific weak chapters.
✕ Nobody to Check Paper 2 (Theory):	CRQs and ERQs sit unchecked with zero rubric feedback or constructive guidance.
✕ Outdated Syllabi:	Students memorize obsolete topics that were removed from recent AKUEB SLO guidelines.

The ExBoard AI Smart Solution

★ Ad-Free, Pure Focus UI:	Clean, high-performance web and mobile portal built exclusively for productive board revision.
★ One-Tap Solved Paper Bank:	Complete digital repository of authentic yearly past papers for Classes IX to XII.
★ Instant MCQ Auto-Grading:	Immediate correct answer reveal with complete mathematical and conceptual step-by-step explanations.
★ Custom Chapter & SLO Generator:	Pick any 2-3 chapters or specific syllabus learning outcomes to generate tailored drills.
★ Subjective AI Examiner:	Submit typed or handwritten Paper 2 answers for instant rubric-aligned scoring.
★ 24/7 AI Personal Tutor (Nova):	Ask Nova about any difficult derivation, concept, or marking scheme question anytime.

The Result: Students prepare 3× faster, identify knowledge gaps instantly, and walk into board exams with full confidence.

NEXT: CORE FEATURES

Feature 1: Past Paper 1 (MCQs) — Instant Grading, No Answer Keys.

Attempt authentic AKUEB and Sindh Board Paper 1 exams with zero manual checking and instant step-by-step solutions.

FEATURE 01 · CORE ENGINE

NO MORE CHECKING ANSWER KEYS

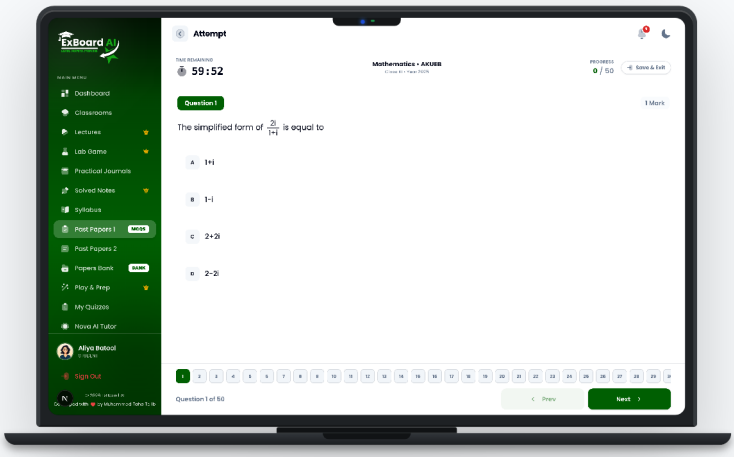

Paper 1 · Real-Time MCQ Simulation & Detailed Explanations

Forget flipping between question booklets and scattered answer keys at the back of past papers. ExBoard AI's MCQ engine simulates exact board conditions and evaluates your score immediately upon completion.

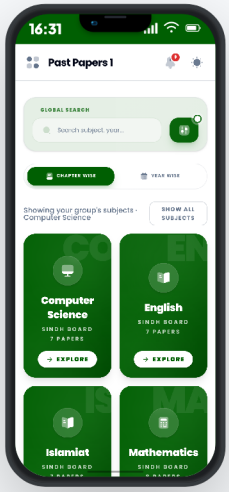

- **No Need to Check Answer Keys:** Immediate score reveal with full breakdown of right and wrong options.
- **Step-by-Step Mathematical Steps:** Nova AI explains every derivation, calculation, and conceptual reasoning.
- **Authentic Timed Countdown:** Live countdown timer and average time-per-question velocity analytics.
- **Question Matrix & Flagging:** Jump between questions, flag doubts for review, and submit with confidence.
- **Complete Yearly Bank:** Authentic papers from 2018–2025 across all major science and general subjects.
- **Performance Diagnostics:** Pinpoints weak topics to target in your next revision session.

Hardware Showcase: Paper Attempt Engine & Paper Listing Directory

1. ACTIVE MCQ ATTEMPT ENGINE (REAL TEST)

2. MOBILE PAPER LISTING

Feature 2: Past Paper 2 (Theory) — AI Examiner & Paper Check.

Solve constructed response questions (CRQs) and extended response questions (ERQs) with dedicated rubric checking.

FEATURE 02 · CORE ENGINE

EXPLICIT PAPER CHECK FUNCTIONALITY

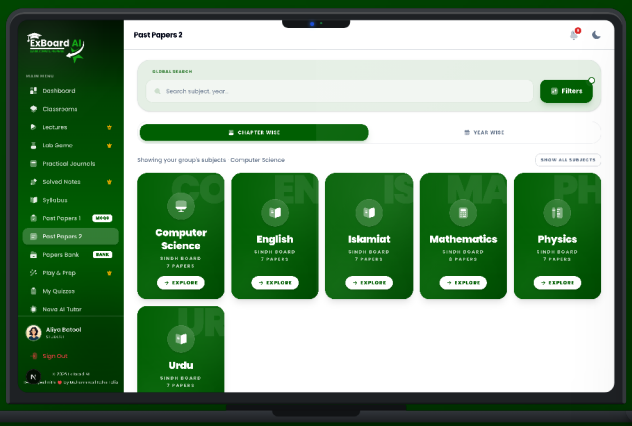

Paper 2 · Subjective Theory Examiner & Rubric Feedback

The biggest roadblock in subjective board preparation is that nobody checks your written answers. ExBoard AI's dedicated Paper Check feature evaluates your descriptive answers against official board marking rubrics.

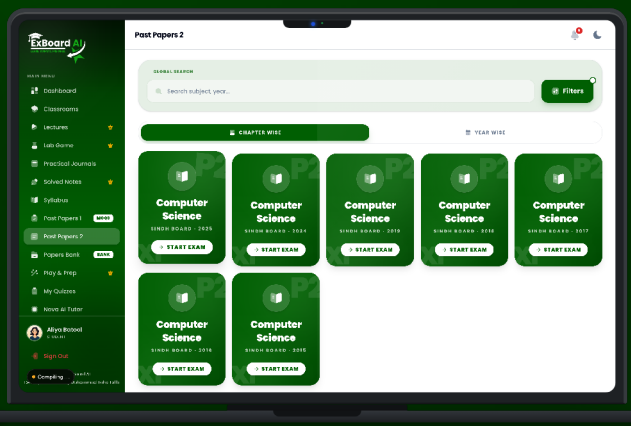

- **Explicit Paper Check Functionality:** Submit typed solutions or photos of handwritten sheets for instant rubric scoring.
- **Step-Mark Evaluation:** Checks formula substitution, intermediate working, SI units, and diagram mentions.
- **Official Marking Scheme Alignment:** Evaluates answers using authentic AKUEB and Sindh Board criteria.
- **Missing Keyword Alerts:** Highlights critical scientific terms required to earn full credit from board examiners.
- **Model Solution Comparison:** View ideal full-mark answers to learn exactly how to format subjective responses.
- **Chapter-Wise CRQ/ERQ Filters:** Filter subjective past papers by specific units to practice targeted topics.

Hardware Showcase: Paper 2 Subject Explorer & Subjective Solver

1. PAPER 2 SUBJECT SELECTION DIRECTORY

2. YEARLY SUBJECTIVE PAPERS & START EXAM

Features 3 & 4: 3D Virtual Lab Games & Live Leaderboard

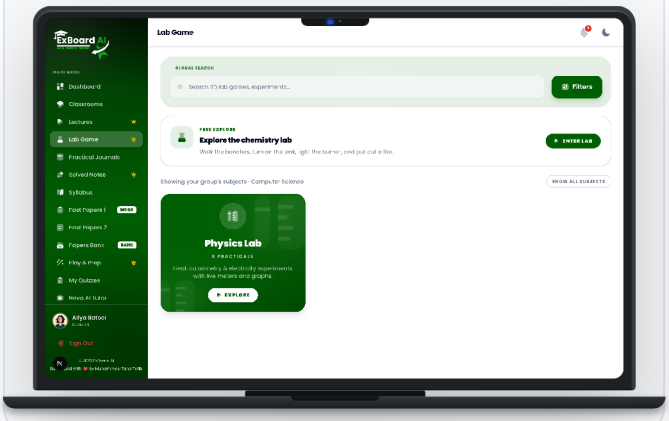

Interactive 3D science practicals combined with city and nationwide academic competition.

FEATURE 03 — CLASS XII READY

3D Interactive Lab Games

Gamified 3D virtual science laboratories where students manipulate real apparatus, perform chemical titrations, and observe physics mechanics.

- **AKUEB Class XII Practicals Ready:** Full acid–base titration, redox reactions, and calorimetry simulations available.
- **Class IX–XI Under Active Development:** Physics optics and biology microscopy games arriving soon.
- **Viva Voce Prep:** Virtual lab quizzes ensure full marks in external practical examinations.

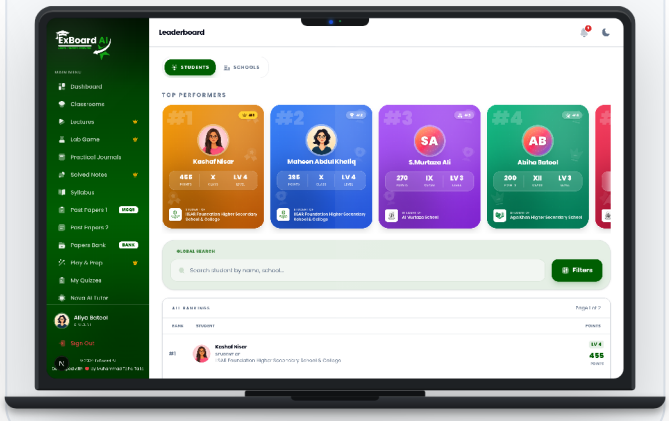

FEATURE 04 — COMPETITIVE RANKS

Live Student Leaderboard

Compete with classmates, school peers, and board toppers across Karachi, Hyderabad, and nationwide standings.

- **Real-Time XP & Score Standings:** Earn XP for every paper solved, quiz completed, and streak maintained.
- **School & City Filters:** Check where your school ranks in AKUEB and Sindh Board performance.
- **Milestones & Badges:** Unlock Master, Scholar, and Legend tiers as your preparation progresses.

Features 5 & 6: 24/7 Nova AI Tutor & Chapter-Wise Paper Generation

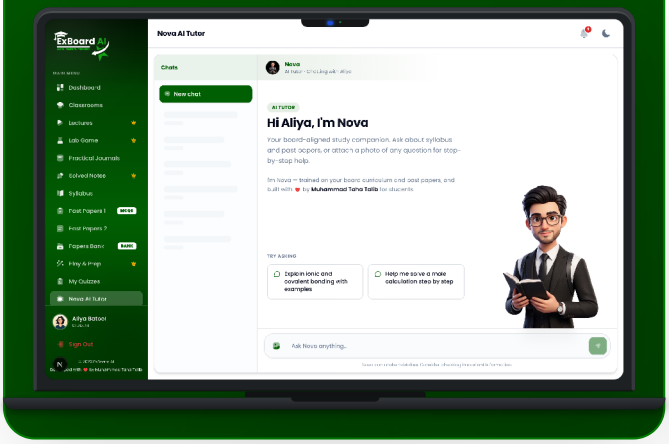

Your on-demand private tutor paired with flexible custom practice builders (Play & Prep).

FEATURE 05 ALWAYS ONLINE

24/7 Nova AI Tutor Chat

A specialized AI tutor trained on AKUEB and Sindh Board textbooks, marking schemes, and past paper trends.

- **Instant Concept Clarification:** Ask doubts at 2 AM before exam day and get clear, concise explanations.
- **Step-by-Step Derivations:** Breaks down complex physics formulas and mathematics solutions logically.
- **Exam Strategy Advice:** Guides you on time allocation, high-yield topics, and common student errors.

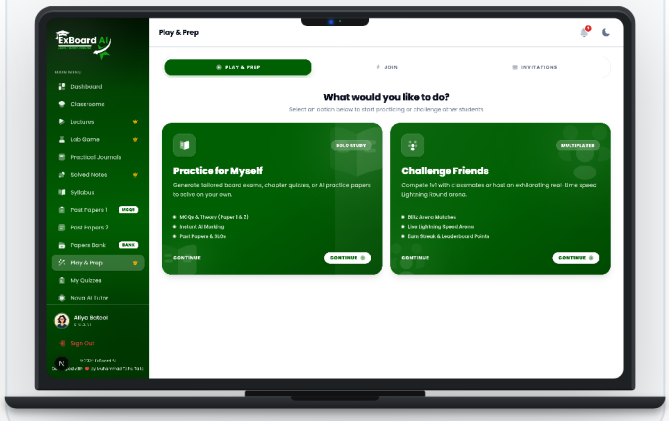

FEATURE 06 PLAY & PREP

Custom Chapter-Wise Generator

Build personalized past paper tests by selecting specific chapters you want to master instead of doing full yearly papers.

- **Targeted Weak Spots:** Select 1, 2, or 3 specific units (e.g. Thermodynamics + Electromagnetism).
- **Custom Question Counts:** Generate quick 10-question sprints or comprehensive 40-question mock exams.
- **Instant Assessment:** See chapter mastery percentages and recommended remedial topics.

Features 7 & 8: SLO-Wise Generation & Sindh Board Solved Notes

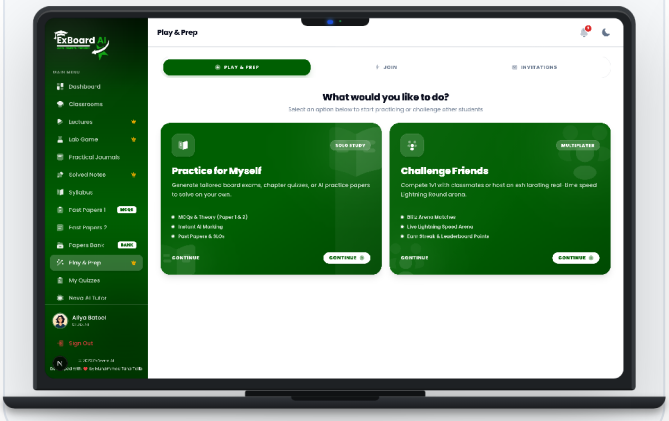

Curriculum-aligned precision practice and structured chapter notes.

FEATURE 07 | CURRICULUM PRECISION

Custom SLO-Wise Paper Generator

Drill down into individual Student Learning Outcomes (SLOs) to ensure 100% syllabus alignment for AKUEB exams.

- **SLO Code Filtering:** Filter questions by specific cognitive domains: Knowledge (K), Understanding (U), Application (A).
- **Zero Syllabus Gaps:** Verify every official syllabus bullet point has been thoroughly tested and solved.
- **Mastery Analytics:** Track green/amber/red indicators for every syllabus topic.

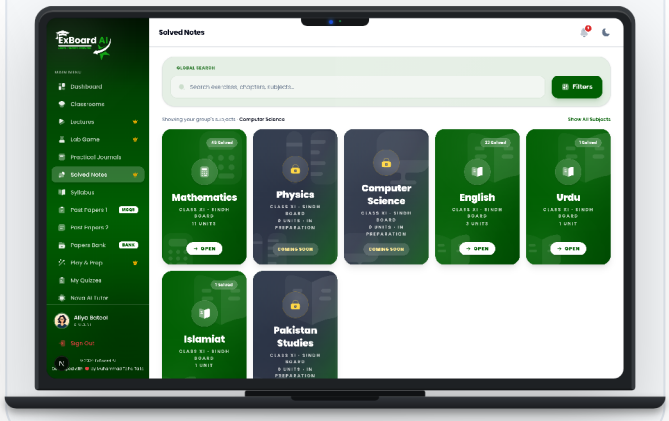

FEATURE 08 | SINDH BOARD READY

Solved Notes for Sindh Board

Comprehensive, board-verified chapter notes, short questions, long derivations, and formula sheets for Sindh Board students.

- **Matric & Intermediate:** Complete coverage for Physics, Chemistry, Biology, Mathematics & Computer Science.
- **Urdu & English Mediums:** Clean typography formatted for fast digital reading and offline revision.
- **AKUEB Notes Coming Soon:** Specialized AKUEB conceptual summary notes currently in production.

Features 9 to 12: Journals, Curriculum, 1v1 Battles & Classrooms

Everything else you need for a complete school and board preparation lifecycle.

FEATURE 09 — UNDER PROGRESS

Practical Journals

Digital practical journal logs, apparatus diagrams, observation tables, and calculation guides for board practical exams.

FEATURE 10 — OFFICIAL SYLLABI

AKUEB Updated Curriculum & SLOs

Complete syllabus explorer with official cognitive weightages, command words, and exam format breakdowns for 2025–2026.

FEATURE 11 — MULTIPLAYER ARENA

1v1 Friend Challenges

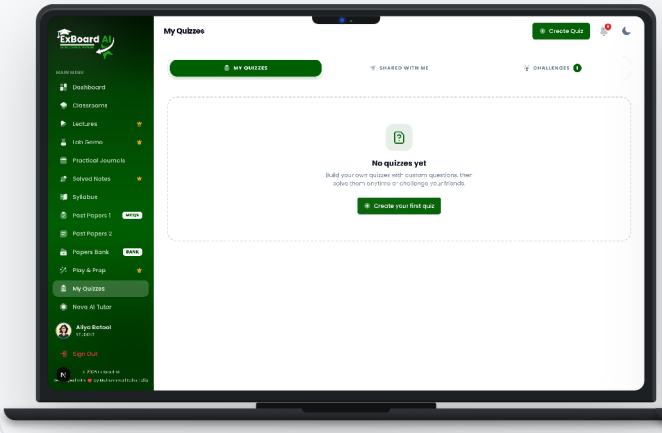

Create instant quiz challenge links and battle friends in real-time speed & accuracy MCQ showdowns.

FEATURE 12 — TEACHER PORTAL LINKED

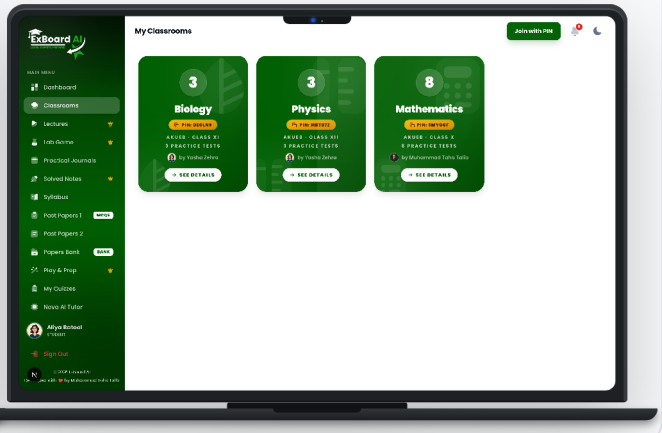

Student Classrooms

Join school classrooms using join codes, access pinned teacher worksheets, and submit assigned mock exams.
